PHILOSOPHY

The Louis De Poortere philosophy is based on a simple concept: we aim to be more than just a manufacturer of carpets. In branching into home decorating, we have had to increase our creativity to meet your aesthetic requirements, and this has stimulated us to transform the generic into magic. Because people are increasingly seeking beauty, elegance, value and comfort for their homes, our designers and technicians have created entire collections that are modern and ac-

cessible, and designed to bring you the utmost pleasure. Because your demands are becoming increasingly specific and your tastes more assured, we have developed bold concepts that are simple and attractive and will enable you to easily reach ultimate sophistication in your floorcovering. At Louis De Poortere you will find rugs, carpets, stair runners and even border rugs, which you can freely mix and match to make your decorating "home sweet home" experience a pleasure. Our passion is to offer you this pleasure.

Color bonanza of the SARI rugs. Indian weavers use the rests of Sari silk fabric as yarns for rugs. Our Sari collection is inspired by this custom and features a Divali of colors.

19

Tunupa is one of the salt lakes of the Bolivian Altiplano. A layer of salt crust alternates with the rocky soil underneath.

25

The Colchani design has multiple layers with space dyed wool, fine chenille and a thicker chenille yarn, to create a high low structure.

36

Fahrenheit : At 32°F, water turns into ice. Our new addition to the Mad Men series shows the patterns made by the skaters on the surface of Central Park's Wollman ice rink.

46

This Cracks pattern is cloaked in the hues of a dark pinewood forest.

104

Nobody can explain the success of our 7-8-2 Had-schlu rug. Fact is: it works! We have re-edited the design and the colour in this distressed, flat woven version. Inspired by a classical persian design, this version matches with young, personalized European furniture just as easily as with the more traditional interiors, proving the universality of the concept.

52

New color ways in the best selling Griff design. The creative energy of action painting.

168

We did not invent the patch-work rug, but we gave it its « lettres de noblesse » with an eclectic mix of Oriental designs and original European 18th century archives.

72

Jacob's Ladder : Another best seller of the Mad Men series. The exhilarating climb on the social ladder can be tricky and full of surprises.

163

Agadir, a Moroccan treat inspired by the designs of the Atlas berbers.

127

The Babylon design has multiple layers : floral, arabic geometric, distressed. The total look is set in soft hues.

148

An original Louis De Poortere archive topper! Timeless medallion in a distressed look.

THE MAD-ISON MEN WERE THE GOLDEN BOYS OF THE SIXTIES, WHO "DREAMED UP" THE IMAGES OF THE ICONIC BRANDS OF THE USA. INSPIRED BY THIS THEME, DE POORTERE HAS CREATED A NEW COLLECTION OF "VINTAGE SIXTIES" RUGS.

A BRAND NEW DESIGN IN THE NEW YORK INSPIRED MAD MEN COLLECTION IS FAHRENHEIT.

THE FIGURE IS THE FREEZING POINT -0° CELSIUS- AND REFERS TO THE CHILLING WINDS OF THE NEW YORK LATE FALL AND WINTER PERIOD, WHEN WIND CHILLS AND EVEN POLAR VORTEXES BRING FROST, SNOW AND ICE TO THE CITY. THE PATTERN EVOKES THE MARKS LEFT BY THE SKATERS ON THE ICE OF THE WOLLMAN RINK.
